Milk

THE BBQ PIT STORY

As if you didn't know by now, The BBQ Pit is a family owned and run business. My late father, Frank Karigan established The BBQ Pit in 1978. Our original location was around the corner on First Ave. Many of you reading this remember its "joint" type atmosphere. The location is all that has changed, really. The meat of our menu is still the same featuring our classic baby back ribs and Greek salad. The Chicago Tribune, Chicago Sun-Times, Chicago Magazine and North Shore Magazine consistently recognize our BBQ as one of Chicagoland's best! Those accolades are wonderful, but what we are most proud of is the relationship we have established with you. In our dictionary, customer and friend are one and the same. Our business survives on local and repeat clientele. You can always count on being greeted by me or some family member when walking in. In a growing world of big box restaurant chains, fast food sandwiches and the like; I'm proud to say we are the last of a dying breed and we thank you for recognizing that these types of establishments still have a place in your life. We live in a busy world and I am honored to have you here to hang your hat and eat a simple home cooked meal or just sit at the bar, have a cold one or two and catch a ball game.

Thanks for supporting family owned business and staying local. *The Karigan's*
